1. Who can see my schedule, calendar/calendaring what I have for them to see, be, becoming what I have for them: what I am (5)! What I have to offer them, who can see, embrace me, all that I am/have to offer them: I Am'ship. Me'ship the worlds wait/cry for, awaiting their savior, many; being it, not thinking of/entering their mind. Demised it is. And mirror'd. And who will enter me what I am to be me entered them? I love you.
2. Who can see the imminent? Unprobable not, immediately impending not; here now! Cataclysmic! And what can you see? What will you be/become in the light of me that you are (1)? I love you.
3. Will you listen? Obey not the laws of land but seeing none in mine, but love, holiness, righteousness, judgment judging all worthy that want me/you. I love you. Enter redeemership/mehood, my life/work, my work/life that knows no work but father's, doing only his and not mine, he plays with me not; but enters a relationship that knows no seriousness not; but [spectrum of play work change, and entereth the all'ship'hood of me](#). One so long, not; but knows no end. I love you.
4. This is the meship I/Joel told you about, have, and again I say rejoice for thy familiarity ceases with this world, system, world system; Babylonized not; thou art pure light (1).
5. See and behold the beauty in each one that disdain you do/have so often, in others, others being me/my beauty. When did you do it to me? When you did it to the least of these you did it unto me, to me, for me, not; to me, to me, to me!
6. Can you see/behold the lamb the others are in your household, camaraderie's?
7. Who are you trying to overcome/control when all kingdom one is given you, and time has no bearing and gravity your friend not? I love you all.
8. Who can see gravity'less'd ones flying about as clouds, not; but me who incarcerated are no longer (2), Babylonized no longer nor in mammon's grip any more. I love you.
9. This is the moment behold me and see who can behold the beholden. I love you.

10. See the moment cataclysmic/for what it is as all changes in momentous land, not; but land'incarceration that ceases to exist. All'prevelant not but all encompassing not but all permeating become, all are/will be. All. All. Everyone everywhere. All. I love you.

11. This is the now/truth and who can see the imminent inevitable and who can will be me, in surrender only, if in surrender they surrender their kingdom to mine, their judg'ship to mine, judging them worthy to be me I will. I will not relent, I've said/stated and I state again, thou art a priest in the order of Melchizedek if in surrender you accept/receive that which you ARE!!! (3) I love you.

12. This is the moment moment'd and moment notwithstanding **who can see the obvious and obliterate it, bringing in the obvious'real, obliterating/having obliterated the limitations of this'world?** I love you.

13. Who can see will become what they see. That includes you my friend/friend not. Incarcerated ones not incarcerating others with theologies/philosophies any longer. **Religion dies. Christship a'reigns, arises, being the Christ, or anti, all of you is/will be, already are, if you know/would but know, see, reality real.** I love you.

14. This is the beginning, or the end; of oneship/anti'ship.

15. See what I have said. See what I have said in this/these message,s and world not the one but **see the one that world'nots, breaking through the barrier of oneship not; but worldship as stated/perceived,** but I am the door (4), I Am. I love you. **There are no other doors.**

16. Anti exists; or does it/he? He/it does not exist for my kingdom arises, is, and there is no other. Can you see the existentlessness of that which so empowered seems to have been, giving it your/their power to exist in minds not me?

I love you
